This cute little Chick is about 12 cm / 4.7 Inch in size. It is part of a whole series of chicks that you can use for your Easter/Spring decoration.

This Model contains 3 different Variants, which differ by the Head Position, so feel free to choose the one which fits your decoration at best.

Here are the Models which are released so far:

It is easy to print, especially if you use the new Organic/Tree Supports. If you have a Prusa MK3s or MK4, you can use the attached GCodes, they already use the organic supports.

If you want to use it outdoors, i would recommend to print it with ABS, which works great for this Model.

For the Painting, i used an Airbrush for the yellow Base colour, but you could also use a Brush and acrylics, or choose a yellow Filament. Then I use a thin brush to paint the Eyes, Feet and spout.

Feel free to share your Prints with me, I am always curious how your Chicks will look like!
