Love picking up tiny board game pieces? Annoyed at how long it takes to dump tokens and chits into their proper boxes? Ever scream out, "There HAS to be a better way!"

Wonder no longer with the StageTop Trap Door Hatch PlayTile. Designed to fit along an edge for easy clean-up of small.

1. Simply press down on the side of the hatch cover to pop it out and set to the side, exposing the pass-through hole to the bottom.
2. Place your game box or component cup underneath the table
3. Sweep the pieces through the hole

Have a thing for pivoting circles? A hinged version is on the way!
