This is a small vacuum chip collector for a mini-lathe. I use this lathe for turning pens and the chips from the pen turning make an awful mess.

This is designed to use four 1/2" X 1/8" rare-earth magnets, available here (item C):

<http://www.leevalley.com/us/wood/page.aspx?p=32065&cat=1,42363,42348>

This fits a 2-1/4" shop-vac hose.
