One of the most iconic symbols of the series is the yellow and black smiley face with a bloodstain, which is now being 3D printed by you my fans around the world hopefully.

Using a simple scheduled layer change technique, the smiley face can be printed in all its comedic glory,. The result is a perfect replica that captures the essence of the original, bringing the world of The Watchmen to life in a new and exciting way. Whether you're a die-hard fan of the series or

simply appreciate the artistry of 3D printing, the Watchmen smiley face is a must-have.
