### Summary

A MMU file I create a long time ago when I first got my MMU2

MMU files for Oil, Toxic Waste, and Radioactive Waste. You use the same drum and rings for all 3 of them you just need to change out the plaques on the side of the drum.

Attached is the .f3d file with all the sketches and bodies, so you can make others.

Rather small prints to test out the MMU, but you can scale them as needed!

Enjoy!
