I really like shape and way original was made by vincent'scode but I was looking forward to make a keychain out of it.

CREDITS → <https://www.printables.com/model/203711-guitar-lamp>

What I modified is:

Added keychain hole.

Thickened Some parts so it's more durable, original was very fragile.

Splitted stls so they are ready to print. Plug & play

This remix is based on

Guitar
Lamp

Guitar Lamp
