This is a model of the Fokker Dr.1 triplane. The red baron plane.

It comes in 3 different filament colors: RED, WHITE and BLACK.  
The red body does need supports for the sticks of the wings to be holded properly.  
The black and white parts fit into the holes just fine and goes glued in place.

The propeller is holded by 2 white pieces that screw on place (not necessary to be glued) And then the black crosses, as well as the machine guns, are glued into the body.

### Print instructions

It comes in 3 different filament colors: RED, WHITE and BLACK.  
The red body does need supports for the sticks of the wings to be holded properly.

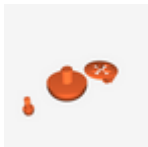

The black and white parts fit into the holes just fine and goes glued in place.

The propeller is holded by 2 white pieces that screw on place (not necessary to be glued) And then the black crosses, as well as the machine guns, are glued into the body.
