Summary

Strobon Cree standalone holder for DJI Mini/Mini 2

[Hobby & Makers](#) > [RC & Robotics](#)

Tags: [drone](#) [mini](#) [dji](#) [strobe](#) [djimini2](#) [mini2](#) [strobon](#)

A lightweight clip/holder for STROBON Cree® Standalone strobe light for a DJI Mavic Mini or Mini 2

Each clip is around 1.6g when printed with PLA,
On my Mini 2, the drone weighs 249.7g with 2 of these attached, including the strobe light.

Can be printed with PLA or PETG (haven't tested PETG)
