Summary

Windshield Washer Reservoir Cap for the aftermarket reservoirs found on amazon.

[Hobby & Makers](#) > [Automotive](#)

Tags: [windshieldwiper](#) [reservoir](#) [waterreservoir](#)

Windshield washer fluid reservoir cap I made to replace the ugly blue ones that come on the cheap aftermarket reservoirs on Amazon. Similar to this one: <https://www.amazon.com/TOYOMEII-Universal-Windshield-Washer-Nozzle160186/dp/B08GM38LDR/>

Print with the flat side down, it comes already oriented to print properly.

Printed with polymaker TPU 95A filament.
