This is a small plastic protector for the end of the SRAM X1 mountain bike crankset, to prevent rocks from scratching the bottom of the crank arms. It will probably fit other aluminum SRAM cranks (GX, etc) but I haven't tested that.

To install, remove pedal. Press on printed part, reinstall pedal.

See here for the CAD if you want to modify: <https://cad.onshape.com/documents/8dba371786239b3aeabcc845/v/7af6be68f4b13bc4110a8517/e/b13d7b79a69fd53ac0b029e1?renderMode=0&uiState=642f95ee744daa6621d49c26>
