Summary

Gridfinity Storage for Bambu Cutters and Wipers

[3D Printers](#) > [Accessories](#)

Tags: [2x1](#) [gridfinity](#) [bambulab](#) [bambulabx1carbon](#)

Space for 6 wipers, 6 cutters and screws.
Magnet/Screw holes use straight line bridges for cleaner overhangs.

Not stackable as shorter gridfinity bin has been used so parts stick out when stored.
