### Summary

Teka dishwasher spray arm attachment, printed in ABS because of the heat resistance.

[Household](#) > [Kitchen](#)

Teka dishwasher spray arm attachment, printed in ABS because of the heat resistance.

My first design in Fusion 360, for a friend`s dishwasher. Holds the spray arm in place for months now...

Sorry for the wrong orientation, just place the bottom on your print bed before slicing.

### Print instructions

I have printed it with:

- Rafts: No
- Support: Yes
- Resolution 0.2mm
- Infill: 20%
