Summary

Printable hook to make use of empty shelf mount holes

[Hobby & Makers](#) > [Organizers](#)

Hook to hang your keys etc.

This quick print hook is designed to print flat and fit a STD 5mm hole shelf pin hole.

There are 3 lengths of hook to fit different depths, go for as long as possible which will ensure it stays in. The diameter of the pin is 4.7mm for my printer tolerance, scale accordingly for your printer.

Cheers
