Yet another LCD cover, but very simple and without any writings.

I designed it for my own use and it is working very well for me.

This is also my very first design and i hope you will love it as much as i do.

Print instructions

I just printed it with 0.2mm Quality, Orange Prusament PLA and no need to change the PrusaSlicer Standard settings.

Supports: NO

Brim: NO

Happy printing ;-)

Buy me a coffee

If you appreciate my work, you can [buy me a coffee](#). Thankful!
