Summary

It's a simple solution to lack of stands for eket / kallax legs for single unit, only available ones are for 4 units.

[Household](#) > [Living Room](#)Tags: [ikea](#) [kallax](#) [eket](#)

Suggested print settings:

Start with external layers.

Legs > 20% infill

Can be used for both eket and kallax - for kallax use combined sides with equal length.
