updated 12. 4. 2023 | published 12. 4. 2023

### Summary

A simple variation of the screw gauge that shows minutes

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [gauge](#) [siliconebed](#) [klipper](#) [nylock](#) [siliconemod](#)  
[screwstiltcalculate](#)

Klipper's SCREWS\_TILT\_CALCULATE shows minutes to turn the screws. This gauge has a quarter hour on it and the hole has space for the allen-key to freely rotate.
