Summary

Mounts under a desk or on a wall.

[Gadgets](#) > [Computers](#)

Tags: [usb](#) [anker](#) [underdeskmount](#) [usbholder](#)

Simply print and attach with screws or double sided tape.

You can snap the charger in and out easily.

Fits Anker 5 port USB charger

Prints with no support. The face with the screw hold should be on the print bed.

Prints fine in PLA, but PETG will last longer.
