Battery Holder for Hama camera tripod (17 mm diameter), using a Zoom Q2n-4K camera. This is an better alternative to Zoom BCQ-2n battery pack using 4 x AA alkaline battery.

The case is made for 10000mAh external battery.

Internal dimensions are Length: 66mm, Width: 25mm, Height: 57mm
I'm using Samsung Battery Pack EEB-EI1CBE and Tellur Power Bank 10000 mAh which have similar dimensions.
