Summary

BOOKEND

[Household](#) > [Home Decor](#)

I designed this **(Japanese house) BOOKEND** in SOLIDWORKS for the Printables Bookends contest (07/004/2023).

The **BOOKEND** consists of two parts, both are orientated for convenient printing without **supports in STEP & STL & 3DM files**:

1. BOOKEND_R
2. BOOKEND_L

You can remix the model freely with the attached (.SLDPRT).

(09/004/2023) Update: I added another model that fits the Japanese style in three different variations.

1. Japanese Style Wave Bookend Set.1
2. Japanese Style Wave Bookend Set.2
3. Japanese Style Wave Bookend Set.3

Slicer: Prusa slicer

Design software: SOLIDWORKS

Enjoy !
