Saturn 2 Access Panel Right with the passthrough removed and the cuts for a surface mounted XT60e-F connector instead.

I'm not very good with the 3D modelling software, so the STL file still has the lines of the passthrough visible, but these don't print. All printed well with my Creality CR-6 SE.

Kudos to original maker [Don Chooluvit@DonChooluvit_272773](#)
