## Summary

Stackable shop trays for holding small parts like screws or drill bits

[Hobby & Makers](#) > [Tools](#)

Tags: [organizer](#) [workshop](#) [woodworking](#)

Stackable trays I designed to use in the shop. There is two versions: a circular tray and a mostly rectangular one. These aren't anything special but I use them on a daily basis and thought others might find them useful so I'm putting them out there!
