updated 8. 4. 2023 | published 8. 4. 2023

Summary

Modeled after the profiles from the Kanstul mouthpiece comparator. With break away foot.

[Hobby & Makers](#) > [Music](#)

Tags: [trumpet](#) [trumpetmouthpiece](#)

The foot is to print with the mouthpiece rim upwards, to avoid a sharp edge against the lips.

Also nice to have for the acetone bath. It breaks away.

Fully functional mouthpiece!

[Here](#) is a stupidly deep version of it.
