A cookie decorating template to add a jack-o'-lantern design to sugar or shortbread cookies, using decorating sugar or the like. Designed for 75 mm shortbread rounds, but no reason it can't be scaled up or down.

Print instructions

No special instructions at all. Printed at .2 mm layer height with 10% infill and generic PLA, no supports or brim.

Since this is coming in contact with food, and it's PLA, best to discard the template once you're done with it and print another for next time.
