### Summary

Aqara G4 Doorbell outdoor shell, tilted 30 deg, NOT waterproof

Tags: [outdoor](#) [doorbell](#) [aqara](#) [g4](#)

Outdoor shell that fits Aqara G4 doorbell for some additional protection from the elements.

Not waterproof, but if water does get inside, there's an opening on the bottom, so that water won't be trapped.

Work in progress, so I'll gladly hear improvement suggestions.
