Summary

Stylish holder for either 2 or 4 Wiha pliers (Professional Electric Series)

[Household](#) > [Other House Equipment](#)

Tags: [honeycomb](#) [pliers](#) [wihaholder](#) [honeycombsotragewall](#)

The perfect holder for the Wiha Electric Professional Pliers, **but should fit most pliers**. You can either print one part to hold 2 pliers (left or right file), or two parts to fit all four pliers.

The pliers/cutters in the picture are:

- Wiha 26720 (long and straight)
- Wiha 26729 (long, straight with bend)
- Wiha 26708
- Wiha 32933 (Diagonal Cutter)

What is needed?

- Left Part:
 - 1x PlierHolder left
 - 2x 'insert-empty' (from original [Honeycomb Storage Wall](#))

- Right Part:
 - 1x PlierHolder right
 - 2x 'insert-empty' (from original [Honeycomp Storage Wall](#))

How to print?

- very easy print
- No brim, no supports needed.
