Tags: [bottle](#) [ipa](#) [skadis](#) [alcohol](#) [isopropyl](#)

This remixes a 32oz 80x80mm IPA holder for a pegboard (which is a remix of a smaller holder) and adds IKEA Skadis mounting pegs from the Fluke 87 V multi-meter holder.

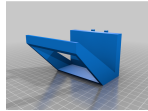

The mounting pegs are a bit tight. I clipped the corners to help them wiggle into the Skadis holes more easily.

Printed on Prusament PETG with 15% infill with tree supports.
