Tags: [camera](#) [sony](#) [batterycover](#)

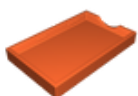

Measured and designed custom 3D-printed covers for my Sony A7C batteries to protect them from dirt while in my camera bag. This should work with any Sony A7 series camera battery, or equivalent Sony FZ-100 style battery.

Print Instructions: No supports, 100% infill

V3- Adjusted the size for a nice snap-on feel without being too snug
