Inspired by the streets of Disneyland's Adventureland, the Tropical Cantina served drinks to weary travelers in the center of Adventureland opposite the Jungle Cruise's boathouse. Though they closed in 1962 to make way for Sunkist I Presume and eventually Bengal Barbeque, you can still get a fresh juice in this miniature Adventureland.

Part of a series of HO-scale models I have been creating inspired by the Castle Parks' Adventurelands and other "in-theme" areas of Disney parks. Hoping to develop them into a small HO-scale Jungle Navigation Company themed train layout soon.
