This is a simple architecture, or famous buildings, chess set.

It includes pieces, a gift box and a chess board.

The buildings are: Eiffel Tower, Sydney Opera House, Heaven Temple, St. Basil's Cathedral, Empire State Building and the Burj Al Arab.

The gift box comes in two sizes the double height will hold both sets of pieces. I can personalise the box lid if you would like just let me know what text you would like.

The board is printed in two pieces (one in each colour) and can be slotted together without glue.
