Summary

Needed more drawers configurations. Compatible with the original project.

[Hobby & Makers](#) > [Organizers](#)

Tags: [organizer](#) [modular](#) [storage](#) [drawers](#) [drawer](#)

You will not find the bases files here, to print every others parts you will need to download theses from the original project : <https://www.printables.com/model/54131-modular-organizer-drawers>

As i don't like empty slots in my drawers, I decided to remix the 2x2 in 6 configurations.

Fully compatible with the original project, I only edited the inside of the drawers.

The 6 designs are :

- 1x2 : 2 slots, rotation by 90° of the original 2x1
- 3-A : 3 slots, big slot in front
- 3-B : 3 slots, big slot in back
- 5-A : 5 slots, big slots in front
- 5-B : 5 slots, big slots in back
- 3x2-A : 6 slots

Between original and remixes drawers, you will have 1, 2, 3, 4, 5, 6 and 9 slots

More designs will come in the next weeks as I will also remix the 3x3 design in others configurations. But first i need to theses ones.

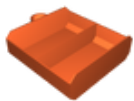

This remix is based on

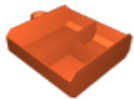

Modular Organizer Drawers
