I made this for my DM. I wanted something a little bit sturdier than one of the vase mode designs, and in a single piece, so that it was easier for her to transport. Cone and Cube templates are available too.

10ft, 15ft, 20ft, 30ft, & 40ft All in one template. For 1 inch grid.

I hope this helps. Please leave a like if it does, and post any makes or remixes.

All designs (however rubbish) are my own, and are made available for **non-commercial use**. Sale of design or prints is prohibited. You may find some of my other models interesting and/or useful too.
