Summary

Swiffer changed the dusting wand design. This is a copy of the old design with tabs to hang on to the dusting sleeve.

Swiffer changed the dusting wand design and the new one is rotten. You can no longer find the old style with tabs that hang onto the dusting sleeve.

I created this in FreeCAD and have supplied the file if you want to remix this.

Print it in two pieces and then glue the socket/tab together. No supports should be needed.
