Summary

A bracket to mount a 300W supply on an ANET A8

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [aneta8](#)

The power supply that came with my ANET A8 was woefully underpowered. I upgraded to this power supply from Amazon:

<https://www.amazon.com/ALITOVE-Universal-Regulated-Switching-Transformer/dp/B06XJVYDDW/?th=1>

This bracket adapts to the holes on the A8 and those on the power supply. Use M3 screws.
