Tags: [holder](#) [plant](#) [support](#) [modular](#) [gardening](#) [plants](#)  
[growth](#)

It can be printed either as a single piece, or the ring and three legs can all be printed in separation, allowing for a larger build that can be easily assembled afterwards using the sliding connections on the legs and holes on the ring.

## Model files

**plant\_support\_full.stl**

☐ Print it all together

### alt\_plant\_support\_ring.stl

☐ Print the ring separately

### alt\_plant\_support\_leg.stl

☐ Print the leg (x3) separately
