Designed only using PrusaSlicer! Two designs made of nothing but boxes. Careful if you are wanting to move the design on the built plate or scale to fit your wrist!

Print instructions

Print with no top or bottom layer and with no infill. Print with 1-2 walls. This is a fairly small bracelet suitable for smaller wrists or children. If you want to scale up make sure and select ALL the boxes that make up the design, they are all separate so its easy to mess up the pattern.

happy printing.
