Collection of earrings inspired by the beauty of autumn leaves.

To get a more natural look, you should bend the printed earring to whatever shape you like. It can be easily done after warming it up a bit - I have used the hairdryer.

### Print instructions

Recommended to print with PLA; layer height 0.1 mm. You have to change the filament twice in the correct layers (1.0 mm and 1.4 mm for 0.1 mm layer height).
