Remix of a remix of the Prusa Enclosure Hinge. I've added space for up to (6) 6x2mm magnets for the hinge.

If you have tons of gridfinity 6x2mm round magnets like I do, this is the stay open enclosure hinge for you!

My magnets are weak sauce, so I've ensured enough space so that you can fit up the 6 magnets per hinge (or less if you'd like). I've also included a hinge that only fits 3 if you feel your magnet game is strong enough.

Printed in generic PETg with 15% gyroid and 0.20mm Quality Profile.
