Summary

Great for hanging balloons for a birthday or other festivities :)

[Household](#) > [Home Decor](#)

Tags: [balloon](#) [balloons](#)

Tie a knot in the end of your balloon and attach the small end of the clip to the balloon. The big end can fit on string/cable/wire up to 6mm in diameter. Printed in PLA at 0.3mm layer height so it prints in 3 layers.

Held up nicely outside on a windy day.
