---

I wanted to display my Lego Speed Champions on the wall using double sided tape. Therefore i made a remix on the 2 projects and looks well :) Be sure to use strong tape or else you will need to rebuild some models ;). Also added a variant for the new 76914 Ferrari 812 Competizione.

#### **UPDATE 08-01-2024**

Added variant for the 76916 Porsche 963

Print settings:

Printed with PLA and 0.16 layer

Place upright with the mounting side on the bed (use supports)

Don't print to fast as there are some very small layers (i set no less then 3 seconds per layer for this model)
