Summary

My friend got the new Low Profile belt and couldn't find a hanger for it. So I made one.

My friend got the new Low Profile belt from Groove Life and could not locate a hanger. So I designed a simple hanger for him.

Added 6x2 magnets to help keep the hanger attached but in reality, it probably doesn't need them. Set with 0.2mm clearance which made a snug fit, used a drop of super glue to ensure they stayed put.

Step file included so feel free to change it up and make it suit your needs.
