Summary

Easy way to release Mentos into a 2 liter soda bottle

Tags: [cannon](#) [mentos](#)

I wanted an easy way to release Mentos into a 2 liter soda bottle. This holds 5 Mentos (more than enough for a 15+ft fountain) and has two 1mm holes for a paper clip to fit through to keep the Mentos from falling. A screw head easily attaches to the two liter bottle with a tapered nozzle on the opposite end.
