Summary

Guard to avoid injury from Y-Belt Adjust screw

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [ybelttensioner](#) [voxelabaquila](#)

After a couple of skin tears on my hand from the Y-Belt screw protruding from the adjustment knob, I designed and printed this snap-on guard. I sliced in Cura with Tree support structure. A brim helped hold the initial tree structure in place. I printed in Draft resolution
