Now, this is more than just silly: this is a remix of **a remix of a remix of a remix of the original design by Mikolas**. Click the links to learn about who added what.

This remix includes 4x4.0mm holes for M3 threaded inserts for the side of the core piece in addition to the existing (but slightly increased size) 3x5.6mm holes for M4 threaded inserts.

This remix also adds:

- M3 threaded insert sized holes for the side of the knob holder.

- M3 threaded insert sized holes for the strap on the orange middle and top parts and also consistently sets the counterbore depth of their existing holes to 2mm

The dimensions of the CNC Kitchen **threaded inserts** I was targeting are attached as a photo.

This remix is based on
