## Summary

Tile Spacers

[Hobby & Makers](#) > [Tools](#)

Tags: [tile](#) [tiles](#) [spacers](#)

Horseshoe Shim Tile Spacers are ideal for spacing and aligning marble, granite, stone, and large format tile installations. They are engineered to produce a grout joint, and to quickly and easily space and align horizontal and vertical tile. They do not compress under heavy loads, making them especially helpful in vertical installations. Horseshoe.
