Tags: [smoothing](#) [vapor](#)

This is a gasket (Printed in TPU) which can be use to seal the vaporizer  
<https://www.aliexpress.us/item/325680204861011>

While not a remix of; <https://www.printables.com/model/255521-acetone-vapor-polisher-for-abs-and-asa-prints-ikea>

It can help with assembly. The gasket goes between the vaporizer and the solvent container. I used McMaster-Carr P/N 93627A648 Sealing Pan Head Screws M4 x 0.7 mm Thread, 20 mm Long (They have an o-ring under the head.)
