So my wife wanted some decoration in the house that represented our family silhouette.

I found a picture online of a family silhouette with a man, woman and 2 boys that she likes. So I uploaded that into tinkercad and made this decoration from it.

It prints in 2 parts, the base and the silhouette, which should fit nicely together. Just use some glue to put them together.

Print Settings

Printer Brand:

Creality

Printer:

Ender 3

Rafts:

No

Supports:

No

Resolution:

0.2

Infill:

20%

Filament: Generic PLA+ Silk Copper

Notes:

Printed this on my Ender 3 Neo, but you can't select the Neo in the pull down menu's.

Category: 3D Printing
