Summary

A new and improved version of the lazy co-worker.

[3D Printers](#) > [Accessories](#)

Tags: mk2

If you have ever been alone in your office, or at home, you know how lonely it can get. That's why I made this desk buddy. It's simple and **CAN PRINT ON ANY PRINTER!** with a guarantee that all parts will fit in smoothly! With easy dismantling, and an even easier assembly! So, if you download this and decide to print it, then feel free to name them and let them sleep on your desk!
