This wand was modeled in conjunction with our custom wand creation service (<https://www.etsy.com/listing/599959920/custom-wand-creation-service-from-the>). This particular wand was inspired by a 14.5" Elder wood wand from Pottermore.

As part of the custom wand creation service for Pottermore-inspired wands, the STL for the wand is being released for free, under the creative commons non-commercial license.

Additionally, you can order it printed and finished directly from my Etsy shop (as well as other great Harry Potter inspired wands) at <https://www.etsy.com/shop/IamFossCustomPrints>
