updated 26. 4. 2023 | published 26. 4. 2023

## Summary

This model is made to show the water level of your plant.

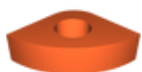

[Household](#) > [Home Decor](#)

Tags: [vase](#) [irrigation](#) [easy](#)

The floater has to be printed empty with one shell to make it float.

To assemble this put the floater with the little part on top and after insert the the little stopper and attach it to the border with some double sided tape or superglue.
