Summary

This is version 2.0 of my steering wheel phone holder.

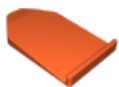

[Sports & Outdoor](#) > [Outdoor Sports](#)

This is version 2.0 of my steering wheel phone holder. It has a NSFW logo, a reduced radius paracord loop, and an improved hook.

Loop a piece of cord through the toroidal channel, adjust to the appropriate length, then tie it together. It will loop around your steering wheel and give you a convenient place to rest your phone while sitting in a car.
